5 Short Summary

Basara Miyahara (GGOS President) welcomed all participants to this Coordinating Board Meeting. In the first section the GGOS components presented a short report (10 minutes) about their activities. In the second section other important current activities were reported in more detail by longer presentations of about 15 to 20 minutes. In the end, Johannes Bouman gave an invited presentation about the “Status of Global Geodetic Centre of Excellence (GGCE)”. Please find more details about the status reports and all presentations in the presentation slides published on the GGOS Cloud and all recorded presentations at the GGOS YouTube Channel (see links below).
